

Strategic Decision-Making Consulting Opportunity With Regional Nonprofits

The Patterson Foundation has selected six organizations in our region to receive 1:1 consulting to strengthen their efforts through their participation in Advancing Mission Thrivability, an opportunity for nonprofits to learn ways to make mission-focused, economically informed decisions for their programs, products and services. “Nonprofits throughout our region are shifting their strategies to meet this uniquely challenging moment in a resource-challenged world,” said Debra Jacobs, president and CEO of The Patterson Foundation. The organizations participating in this extended consulting opportunity include: The Bishop Museum of Science and Nature, Florida Cultural Group, Inc., Habitat for Humanity Charlotte County, Habitat for Humanity Manatee County, Our Y, Inc. and Punta Gorda Symphony.
